Report a food-related illness or complaint

- Did you get sick from something you ate?
- Did you attend an event where people became ill?
- Is there a problem with a restaurant you visited or food item you purchased?

Kansas Department of Health & Environment and Kansas Department of Agriculture work cooperatively to investigate foodborne illness outbreaks.

Report illness caused by a restaurant, food item, or event

— Call 877-427-7317

— Or  [File an Online Report](#)

Report a problem with a restaurant or food that **did NOT** cause illness

—  [File an Online Report](#)

— Email kda.fsl@ks.gov

— Or call 785-564-6767

To learn more about foodborne illness, please visit FoodSafety.gov or the [Center for Disease Control and Prevention \(CDC\)](http://Center for Disease Control and Prevention (CDC))

Digital Bridge

- Electronic case reporting early implementation project
- Funded by Robert Wood Johnson Foundation
- Coordinated by Public Health Informatics Institute
- KS selected as early implementation site
 - KDHE
 - Douglas County Health Department
 - Lawrence Memorial Hospital and affiliated clinics
 - Cerner

Foundational Public Health Services Capacity Assessment

- Public Health Systems Group
 - Various state-level organizations focused on population health
 - Development and implementation of foundational public health services (FPHS) in support of KALHD
- Foundational Public Health Services
 - Suite of skills, programs, and activities that should be available in every community through state or local governmental public health agencies
 - Primarily population-based preventive services
 - Includes services provided directly or those that are “assured” by the public health agency
- Assessment
 - Define FPHS
 - Assess public health system capacity for implementing FPHS
 - Survey of local health departments to be deployed soon
 - Timeline: Complete by 24 March 2017
 - Technical assistance will be available

Michael McNulty

Local BRFSS Data Reports

- 2015 Local and Regional BRFSS Data Reports
www.kdheks.gov/brfss/HRSReports/local_hrs_reports_index.htm
- Information for 41 health risk indicators
- 41 counties & 16 Public Health Preparedness Regions

Our Mission: To protect and improve the health and environment of all Kansans.

A TIP FROM A
FORMER
SMOKER

Quitting isn't about what you give up.
It's about what you get back.

Rebecca, age 57, Florida

Rebecca struggled with depression. She thought smoking would help, but it just made her more depressed. When she quit smoking it changed her life, mentally and physically. Now she runs 5Ks and hopes to live to be one hundred.

You can quit smoking.

For free help, call
1-800-QUIT-NOW.

U.S. Department of
Health and Human Services
